

Did You Know?

Introduction of the ANCC Foundation

The ANCC Foundation is an approved IRS Certified 501(c)(3) public charity. The foundation is charged with preserving club history, developing and publicizing our legacy and striving to address charitable and other needs and opportunities in the defense and local community.

Recent foundation projects have included display of a set of General Eisenhower's golf clubs, securing recognition by the Robert Trent Jones Society that our Fairfax course was originally designed by RTJ senior, and assisting the club in the initial actions taken to preserve Fort Richardson.
