Picture Gallery

One of the features of the ANCC Foundation website is a gallery of vintage ANCC photographs. At this time the inventory of pictures is rather limited. To improve and expand this feature, two things are needed:

Gallery Curator. The Foundation is seeking a volunteer to curate the picture gallery. This position involves organizing the “Picture Gallery”, soliciting the membership for vintage ANCC pictures of ANCC, and researching photographs to identify the individuals, location, and approximate date of the photographs. Participation in Foundation projects, including being on the Foundation Board of Directors, is open to ANCC members of all categories including social members, spouses, absentee members, and junior members.

Member Participation. It is safe to say that in our members’ “archives”, e.g., dresser drawers, old picture albums, trunks, etc., there are photographs of ANCC that would be of interest to the ANCC community. If you have any such photographs, kindly contact the Foundation at info@anccfoundation.org. We are not asking for permanent transfer of the photos to the Foundation, only a short-term loan so we can have the photographs digitized. Of course, if the donor wishes to provide a digitized copy of the photograph, so much the better.

The following are a few of the photographs currently in or destined for the Gallery:
